**ORDER :**

In the reference read above, the Commissioner and Special Officer, Greater Hyderabad Municipal Corporation, Hyderabad has stated that the Nawab Sab Kunta was low lying area tank formed with earthen dam. The tank used to irrigate the paddy and other green leaves down stream of Nawab Sab Kunta. Due to urbanization in Hyderabad City, the total catchment area, the bed of Nawab sab kunta and down stream of tank bund are all occupied and resulted in residential area. The Tank Bund (earthen) is used as road for connected Tadbund to inner Ring road where there is lot of heavy vehicular traffic will be plying to avoid the traffic through main roads. The portion of road near Iqra School is an embankment with big stone pitching. There is an existing sluice of 1x1.5 Mts. and newly constructed tunnel of 1.2M to discharge flood from upstream side to down stream side. The tunnel work is completed last year i.e. 2007-08. The sluices and tunnel were combinedly designed to cater the flood water of 7.63 Cum. and the flood water and sewage are flowing through these outlets without interruption.

2. The Commissioner and Special Officer, Greater Hyderabad Municipal Corporation, Hyderabad has stated that due to heavy rains on 8<sup>th</sup> and 9<sup>th</sup> of August, 2008 due to moist condition and surface water intrusion into the bund, part of the bund has slipped towards down stream side over the sluice and blocked the flow completely, and portion of the road over the tunnel conduit, has sunk to depth of 1'-0" on the conduit and few cracks developed across the road due to scour of earth due to slipping.

3. After inspection by the Commissioner and Special Officer, Greater Hyderabad Municipal Corporation, Hyderabad on 09.08.2008, he has stated that it is proposed to take the immediate measure by constructing R.C.C. retaining wall on the down stream side and restoration of the road to the damaged immediately to put the road traffic worthy at the earliest. The restoration of damaged sluice will be examined after removing the debris and suitable restoration will be taken up separately. Simultaneously the water supply in the bund and sewerage over-flow at bottom of fund will be attended by the Hyderabad Metro Water Supply and Sewerage Board.

[P.T.O.]

4. The Commissioner and Special Officer, Greater Hyderabad Municipal Corporation, Hyderabad has stated that the proposal is costing Rs.36.50 lakhs in view of the urgency, the work has been entrusted to Sri S.N.Reddy Bheemdi, Contractor on nomination basis and work has been started and requested to issue necessary orders in the matter.

5. Government after careful examination of the matter, hereby accord administrative sanction to approve the said work on nomination basis at estimated rates to Sri S.N.Reddy Bheemidi, Contractor for an amount of Rs.36.50 lakhs (Rupees thirty six lakhs and fifty thousand only) being sanctioned by the Standing Committee Greater Hyderabad Municipal Corporation.

6. The Commissioner and Special Officer, Greater Hyderabad Municipal Corporation, Hyderabad shall take necessary action in the matter accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
